2nd semester, 2017-18; Thurs 9:30 – 12:15

Teachers: Professor Sammy Chiu 趙維生 (email: wschiu@hkbu.edu.hk)

Professor Kung Lap Yan 襲立人 (email: kungly@cuhk.edu.hk)

1. Course description

The Church being sent to the world is called to be God's witness to his kingdom. This course aims to explore the practice of being God's witness in Hong Kong, with focus on social justice. On the one hand, it examines how Christian values would inspire the social imaginary. On the other hand, it reflects how social planning and policy formulation help the churches to practice Christian vision in social service programs. Opportunities will be given to students to study a selected social policy topic and relate it to specific Christian values.

2. Learning outcomes

Upon completion of the course, students will be able to

- A. Understand and evaluate different theological traditions in social theology critically.
- B. Master the basic theoretical ideas, ethical considerations and practical context relevant to social policy in modern society.
- C. Develop practical wisdom to correlate Christian values and social policy creatively and constructively.
- D. Understand the essential policies relevant to the general welfare of people, the vulnerable groups in particular.

	policy based on Christian values;	
	7) what can/should Hong Kong's	
	Christian community do in relation	
	to the policy being examined?	

Each group will share its study with the rest of the class in a form of presentation (with or without the support of ppt) and to facilitate the class for discussion after the presentation. Each group will have 40 minutes for presentation and 30 minutes for discussion.

B) Submission

All assignments have to be submitted to Blackboard and veri-guide.

Attention is drawn to University policy and regulations on honesty in academic work, and to the disciplinary guidelines and procedures applicable to breaches of such policy and regulations. Details may be found at http://www.cuhk.edu.hk/policy/academichonesty/.

With each assignment, students will be required to submit a signed declaration that they are aware of these policies, regulations, guidelines and procedures. In the case of group projects, all students of the same group should be asked to sign the declaration, each of whom is responsible should there be any plagiarized contents in the group project, irrespective of whether he/she has signed the declaration and whether he/she has contributed directly or indirectly to the plagiarized contents.

For assignments in the form of a computer-generated document that is principally text-based and submitted via VeriGuide, the statement, in the form of a receipt, will be issued by the system upon students' uploading of the soft copy of the assignment. Assignments without the properly signed declaration will not be graded by teachers. Only the final version of the assignment should be submitted via VeriGuide.

The submission of a piece of work, or a part of a piece of work, for more than one purpose (e.g. to satisfy the requirements in two different courses) without declaration to this effect shall be regarded as having committed undeclared multiple submission. It is common and acceptable to reuse a turn of phrase or a sentence or two from one's own work; but wholesale reuse is problematic. In any case, agreement from the course teacher(s) concerned should be obtained

prior to the submission of the piece of work.
